It is customary for the fee to be paid each session. Any other payment plan needs to be arranged in advance. A statement from my billing department will be available each month for services rendered during the previous month at request.

If my billing department is not contacted by the client, it is the client's responsibility to complete the insurance form and mail it to his/her insurance company. If you have an out of network PPO plan we will bill your insurance at your request. Any payments will be sent directly to you and your payment will be due at the time of service.

As an additional service to my clients, I provide a billing person who will contact your insurance carrier and review your insurance benefits under my care. However, insurance carrier's have been known to misquote benefits. It is ultimately your responsibility to know your benefit coverage and deductible status. Insurance providers have been known to not pay or mistakenly pay for services rendered.

I, _____ understand that all services rendered are my responsibility to pay in full.
